

T3Rx.com is a service that simplifies meeting DSCSA Title II regulations.

Why use a DSCSA compliance service?

- ✓ Decreases labor hours devoted to DSCSA by automating the storing and verification of your T3 information.
- ✓ Simplifies T3 information access by keeping it all in one centralized location.
- ✓ Only one T3 information interface to learn.
- ✓ T3Rx.com enables switching to new suppliers / wholesalers at any time. You can buy at the best price with no fear of losing access to your T3 information from an old supplier. Eliminates being supplier locked because of DSCSA's 6 year minimum saving of T3 information.

T3Rx.com:

- ✓ Automatically and electronically receives and stores your T3 information.
- ✓ Automatically identifies incorrect quantity and missing T3 information.
- ✓ Enables reporting on your T3 information by location, NDC, Lot #, Expiration date and Serial #.
- ✓ Provides for transferring T3 information between unrelated pharmacies.
- ✓ Quarantine information is electronically documented.
- ✓ Enables scanning the DSCSA 2D barcode to document the lot #, expiration date, GTIN-14 and serial number of the medications received with your T3 information.
- ✓ Reports on the expiration dates of items you have received. This gives you a short list of expiring items to look for.

A web based solution that meets the Title II requirements for:

- ✓ Storing the (T3) - Transaction History (TH), Transaction Information (TI), and Transaction Statement (TS) information for 6 years (12 years for suspect product). [Title II Section 582 (d)(1)(A)(iii) & (d)(1)(D)(4)(iv)].
- ✓ Replying to an FDA information request within 2 business days. [Title II Section 582 (d)(1)(D)].
- ✓ Storing lot level information (NDC number, lot number, expiration date and serial number) as defined by Title II. [Title II Section 582 (d)(1)(A)(iii)].
- ✓ Verifying the T3 information against what was received [Title II Section 582 (d)(1)].
- ✓ Item quarantine processing and documentation [Title II Section 582 (d)(1)(D)(4)(A)].
- ✓ Providing T3 information to a new owner of a medication [Title II Section 582 (d)(1)(A)(ii)]
